

Erratalist for 5th Edition of A Primer on Scientific Programming with Python

Hans Petter Langtangen

Sep 2, 2016

Page 43. Exercise 1.5 refers to the file `src/files/densities.dat`, but in the source code for the 5th edition the directory `files` is renamed to `dictstring`. The correct path to the file is `'src/dictstring/densities.dat'`. The correct URL in the footnote should be <http://tinyurl.com/pwyasaa/dictstring/densities.dat>
